

Warren Community Hub opens at Warren Town Center

The Warren Town Center, Warren's centrally located commercial property, is pleased to announce the opening of the Warren Community Hub, a three month pop up resource for the residents of Warren and visitors to the town. Located at 4 Cornwall Road in Warren, at the crossroads of Litchfield County's Routes 45 and 341, the Hub will serve to foster a strong sense of community through engaging displays, a schedule of programs and an open space for the community to gather and socialize. The Hub will open officially on Saturday, March 23rd at 10 am and will have an opening reception that evening, from 6 to 8 pm.

Working in conjunction with the Northwest Hills Council of Governments, who received a grant from the Berkshire Taconic Community Foundation, the Warren Community Hub serves to engage residents in a community conversation about how to 1) support local businesses, 2) attract new young families to town 3) give back to the community and 4) meet the needs of our older adult and teenage residents. The Hub will serve as a gathering place for events and activities in addition to providing a "community idea billboard" where people can drop by and share their ideas and learn more about the Town of Warren's strategic development plan, opportunities to volunteer and "give back" to the community, and interesting and fun programs and activities.

The first program, on March 24th at 2 pm, will be an interactive discussion and hands on participation centered around Early American handcrafts, provided by the Warren Historical Society. Additional programs and open hours schedules will be posted on site and on Facebook at Warren Town Center's page.

"The mission of Warren Town Center is to revitalize the social and economic development of Warren for its residents, neighbors and visitors" says John Favreau, who is leading the initiative. "The Community Hub will be another step to achieve this goal and I look forward to its success."
