## Warren Parks & Recreation

### Thursday March 22nd - Exploring Norfolk

Let us spend the day exploring our neighbor in Norfolk. Like most small towns in our northwest corner of the state, Norfolk is not only a picturesque small town but also has a lot to offer! With a population of 1,600 in 46 square miles of space, most of that open land, you might be surprised to know there is much to see and do. We'll start our day at Norfolk's Curling Club. What the heck is a Curling Club you may ask? It's a game of sliding stones on a sheet of ice towards a bulls-eye shaped end where precision counts for points. Interesting! Following lunch at a local pub, we're off to the Church of Christ's Battell Chapel for a tour of their Tiffany Windows. Yes, that Tiffany! And we'll wrap the day up with a stop at, Artisan's

**Activity: Visiting Norfolk - COST: \$5.00**
